

Southern Michigan Pain Consultants (SMPC) welcomes Barton Wild MD to the team this summer! He will be available to see patients beginning **July 19, 2010**, and will be practicing at all three SMPC pain management centers on varying days.

Dr. Wild completed a BS degree in Chemistry from Indiana University in Bloomington. In addition, he attended the Illinois Institute of Technology in Chicago earning his degree in Chemical Engineering. After working in that field for a short time Dr. Wild attended Wayne State University in Detroit earning his Doctor of Medicine. Since then he has completed his Surgery Internship, his Anesthesia Residency and his Fellowship in Chronic Pain Management at Virginia Commonwealth University in Richmond, VA.

Dr. Kuiper and Dr. Alshab are excited to have Dr. Wild on the team and anticipate that with his arrival new patient access to the group will improve.

 Starting July 19th, SMPC is able to offer availability with Dr. Wild for new patients within 72 hours of referral.
